SIX MONTHS OF SCHOOL

The Term Will Have to be Cut to That Number.

SO SAY YESTERDAY'S BALLOTS

The Present Expenditures Equal to the Receipts, and no Provisions for the Growth and Extension of the System--An Interesting Communication.

You have had the opportunity to cast your ballot for or against the bond issue, and it has been defeated by a vote of two to one.

The question of paying the debt incurred in completing the new Fourth street school building has perplexed the new board. They acted upon the advice of the city solicitor in every particular. The resolution and questions to be voted upon were prepared by his direction, and adopted by the board as the best way out of the financial tangle. There was no action taken until all phases of the question had been carefully considered. You were notified through the press of the financial situation; that the expenses and income of the board were equal; that there were no funds over to pay any portion of the indebtedness, and that the levy was up to the limit of the law, and every year additional rooms, teachers and apparatus would be required.

The debt was not contracted by the present board; but it is their desire to pay all honest debts. Thus the matter was left to you to decide. By the result of the election you have repudiated an honest debt. We have one of the best school buildings in the state; but, by your votes, it is apparent that you do not wish to pay the sum that was required to complete it, or else want to curtail expenses by reducing the number of school months.

The result of the election was of no special interest to the present board; the members feel that they have done their duty. We wished to procure money at a low rate of interest and keep the schools open nine months of the year. We looked at it from a business standpoint, and decided that this was best, but left the matter for you to decide. We gave warning that the schools would only be open six months in the year if you failed to give us the right to issue bonds. This is the only course left for us to pursue.

The debt is an honest one and must be paid. You have value received, and the \$16,000 above the bond issue was expended in completing the Fourth street building. The old board did not steal one cent of this money, and the banks loaned it in good faith, believing that honest citizens would pay their debts.

Do not say that the new board is not competent when you find the number of school months have been diminished. Remember that you decided this financial problem yourselves, and that it is no fault of several members that they are on the board. They were solicited to become candidates and only yielded after strong pressure was brought to bear upon them. By your ballots you elected them, and they have endeavored to carry out your desires to the best of their ability.

The patriotic orders, the churches and those interested in the welfare of the public school system have all had the opportunity of casting a ballot for or against the bond issue, and have failed to manifest but slight interest in the matter. The books and expenses are open for investigation, and if you have a cheaper and better plan for paying an honest debt than the methods that have been offered, let us hear from you. If you have no better and definite plan to offer, then forever hold your peace.

A MEMBER OF THE BOARD.

A COLLISION.

Two Lads Endeavoring to Catch a Fly Ball Collide.

While playing ball on Brunt's hill Tuesday afternoon, Emmet Willison, a lad living on Avondale street, and a companion named Harvey Duke, also living on the hill, collided with each other while running after a fly ball and each was severely hurt. Duke had several teeth knocked out and was rendered unconscious for some time by the force of the shock, while his companion got off with a cut above the eye, and a few scratches. The faces of both lads bear evidence of the collision.

WILL SOON COMMENCE

To Erect Telephone Poles and String Wires. Contracts Let.

The contract for erecting telegraph poles across the river, as far east as Burgettstown, for the purpose of bringing into telephonic communication all

the possessions of the Ohio Valley Gas company lying in that part of the country, has been let to a Salem contractor, who will commence the work of placing in position the poles at once, and when this task is completed, wires will be speedily strung across the country. The line to Salineville will also be begun shortly, as most of the poles to be erected have arrived.

TANYARD RUN

Will Undoubtedly be Given Some Attention.

Although a resolution was introduced in the board of health last Friday night, requesting that council look up the health officer's last annual report and take some action in regard to Tanyard run, council passed through its meeting Tuesday night without even so much as mentioning the subject. It was evidently an oversight on the part of somebody. If no action is taken on the matter pretty soon, the officials of the board will notify the parties who use the run for a sewer to cease or they will be prosecuted, thus bringing the matter where something will have to be done. If there is any place in the city that needs sewerage it is that run, as is shown by both the health officer's and city engineer's last reports. The run is a natural sewer, and it would not cost a great sum of money to improve it. The people in the vicinity of the run would hail with delight an order to commence work on the plan, and will undoubtedly pay their share of the improvement without a murmur.

GROVER'S THEORY

Does Not Pan Out Very Well in Regard to Pottery.

The theory of President Cleveland in his famous tariff letter in regard to manufacturing industries does not pan out well in pottery and woolen products. Free, and freer raw materials, with heavy reductions in tariff on manufactured products, in these cases has brought disaster to the manufacturers. The tariff was largely reduced in cobalt, acids, and China and ball clays and potter's materials, but the potters never had so hard a time to maintain their business as today. Also the woolen factories, with free wool and freer raw materials, are languishing and shutting down, while foreign manufacturers in these lines were never more flourishing. The theory doesn't work well.--Glass and Pottery World.

A RECEPTION

Will Be Tendered Doctor John Lloyd Lee.

The good ladies of the Presbyterian church are actively engaged in arranging a reception to be tendered their pastor, Reverend Lee, next Tuesday evening. A program of exceptional merit will be rendered, consisting of songs, choruses, speech-making, and everything tending toward making the evening one of genuine enjoyment. The reception will be confined to the members of the church, as it would be impossible to make it a public affair on account of the capacity of the edifice. We are told there is a pleasant surprise in store for the pastor, the nature of which is not given out, but will cause a broad smile to overspread his countenance.

TO ST. LOUIS.

The Delegates From Here Will Leave Tomorrow.

Colonel John N. Taylor, Will L. Smith and W. L. Taylor will leave for St. Louis tomorrow in order to be on the scene before the convention opens. Colonel Taylor goes as an alternate-at-large, Will L. Smith is a delegate from this district, while W. L. Taylor will occupy the position of assistant sergeant at arms at convention hall. Major McKinley has three ardent supporters in the gentlemen that will represent East Liverpool at the convention, who will not only show their esteem for the gallant major, but will echo the sentiments of every true Republican in the city.

LARGER FREIGHT ENGINES

Will Be Used on the Cleveland and Pittsburgh Division.

The Cleveland and Pittsburgh line is to be equipped with 10 almost new Class R freight engines, to be transferred from the Ft. Wayne division, for use on this line. These engines, which are larger and possessing more motive power than the present locomotives used here, will replace the latter on the road. The discarded engines will be whitelead and placed in the round house at Wellsville. Two of the new engines arrived yesterday and more are expected soon.

Will Be Wedded at Lisbon.

Miss Della Cochran, of Basil avenue, and Homer Davis, a prosperous farmer, living beyond Calcutta, drove out to Lisbon this afternoon, and will be married at that place this evening. The newly wedded couple will live at the home of the groom.

SOME SPORTING NOTES

An Effort Being Made to Form a League.

BASEBALL GAMES NOW BOOKED

Where the Old Eclipse Members Are and What They Are Doing--Mercer Lost a Game Yesterday--The Team That Will Go to Niles in the Morning.

An effort is being made to form a league in this city, to be composed of the following teams: Clerks, Pottery Clerks, Professional men, Young Men's Christian Association, and the various social clubs. A meeting will be called in the near future to see what kind of plans can be arranged.

The Clerks will play the Wellsville's at the West End park the first of next week.

The Crackajacks will go to Toronto Saturday, to play the crack team of that city.

The Chevalier club and Waggoners' nine will cross bats at West End park Friday.

The Columbias, of East End, will play two games of ball at New Waterford on the Fourth of July. They play the Crescents, of Wellsville, Saturday.

The Pittsburg Press of last night contains the following: "If Win Mercer's celebrated and diplomatic right arm ever petered out he could earn big money as an outfielder, being fast on his feet and a reliable batsman."

"Mercer's injury, while not serious, is very painful, and may keep him out of the game for a few days. However, he is a nervous youngster, and won't let a little thing like that bother him long."

The Union pottery has organized a ball club, and are willing to play any team in the city.

Frank Hum, Lou Eaholtz and Thomas Robinson, base ballists of Lisbon, were in the city yesterday.

The Chronicle of last night says: "Curt Welsh, the once great center fielder of the St. Louis Browns, is now sick and penniless at East Liverpool."

There has been a general desire by a number of persons to get a correct list of the players of the famous Eclipse team which represented the city. The following is a correct list, and where they are at: Hanlon and Albright, catchers; Hanlon is playing center field for Tiffin. Mercer, Daniels and Young, pitchers; Mercer is with Washington, Daniels with New Castle and Cy Young is at present at his home in Dennison.

Reark and Cargo, short; Cargo is playing short for Carbondale. Carey, first, is playing the same position for Syracuse; Meyers, second, is holding down that base for New Cumberland; Shaw, third, is catching for Wheeling; Joe Carey, left field, is still in the city, as is McNutt, who covered center field, and Will Carey, right, is playing second base for Niles.

Of the above list, the only two men who have never played professional ball since the Eclipse team disbanded are McNutt and Albright. Reark has had a number of engagements, but would rather stay at home.

The Holy Ghost college team will play the East Liverpool's at the West End park on next Tuesday.

Johnny Daniels won another game for New Castle yesterday.

Mercer lost a game to Chicago yesterday, as they got 16 hits from his delivery, although the eight errors of Washington were responsible for the game. Winnie did not pitch in his usual good style, but had two runs, two hits, three assists and one error to his credit. He struck out one man, gave three bases on balls, hit one man and made one wild pitch.

The team that will be taken to Niles tomorrow is as follows: Baxter and Finch, catchers; McShane and Albright, pitchers; Godwin, short; Heckathorne, first; Kennedy, second; Carey, third; Twaddle, left; McNutt, middle and Finch, right. C. Reark cannot get away Friday, but will go to Niles in time to cover right garden for the second game.

When the East Liverpool's get through with Niles, that team will realize they have been in a ball game.

FAST RUNNING.

"Sandy" Steele Wins Two Events at Adrian College.

In an all-round field day contest between Adrian and Hillsdale colleges, held on May 25, "Sandy" Steele, of this city, succeeded in covering himself with glory. He won first place in the 220-yard dash in 25 seconds, and took first in the 440 dash in 55½ seconds. Speaking of the 100-yard dash, the Adrian paper says: "The starter played Steele a nice trick, which lost him about four yards. While regaining this lost ground, Steele was also blocked by Whipple, but in spite of all this Steele

was less than a foot behind Snyder when the line was crossed. Given a fair start, Steele can beat Snyder any time by two yards. The wind made the time in running slow." Another paper says: "Steele could have won this race easily enough, but the pistol was fired before he was on the line." In another column they say: "The only thing that was out of the way was the firing of the pistol before Steele was on the line in the 100-yard dash."

FELL IN THE RIVER.

And Was Almost Drowned--Rescued by a Watchman.

Last night the watchman at the bridge observed an individual in an advanced state of intoxication meandering about the river, and fearing for the inebriate's safety the watchman looked him up in the tool house on the float until he could sober up. This was early in the evening. About 11 o'clock the watchman was startled by hearing cries of distress coming from the vicinity of the floats. Rushing to the latter place he beheld the person whom he had looked up a few hours previous struggling in the water. The unfortunate man was soon rescued from his perilous position. As soon as he recovered, the half drowned man explained that he had forced open the door, and wishing to get ashore, had stumbled in the river. If the watchman had not heard the cries and came to the rescue, undoubtedly the man would have met a watery grave, as he was unable to swim.

TO A BETTER WORLD.

Mrs. Henry Croft Passes Away at Noon Today.

Mrs. Henry Croft died at her home on Fenton street shortly after noon today, aged 63 years. The lady has been an invalid for years and leaves a large family to mourn her loss, but goes to a better world to join her husband, who died eight years ago. She was beloved and respected by all who knew her, and the sorrowing children have the heartfelt sympathy of the community. The funeral will take place on Saturday afternoon from the First Presbyterian church, Reverend Taggart officiating. Interment will be made at Riverview cemetery.

NO CONCLUSION

Arrived at by the Investigating Committee Last Night.

Members Kent and Horwell, of the police committee, met at the city hall last night to investigate why so many policemen were in attendance at the ball game on Decoration Day. Mayor Gilbert was present at the meeting, but Marshal Johnson was not on hand. The committee had no report to make, and found, as exclusively stated in this paper last evening, that Officers Menner and Whan were off duty at that time, and privileged to go where they pleased. Another meeting will probably be held.

The Picnic.

The Epworth league picnic at Rock Point was a pronounced success, the day being an ideal one in every respect. The only accident that occurred was that to a lad from Wellsville, who was unintentionally struck across the leg with a board containing a sharp nail. Daniel Bowers won the potato race.

Using More Ice.

The consumption of ice for this season bids fair to exceed to amount used during the warm months of last year. The increased demand for this commodity is due to the fact that ice is more generally used in households now than formerly, and also has been reduced in price.

Last Well a Gasser.

The last well drilled on the land leased by S. C. Williams, on the farm owned by John Lones, near Williamsport, yesterday proved itself to be a gasser. The other wells also give promise of producing a bountiful supply of gas.

Present at the Wedding.

A number from this city were present at the nuptials of Miss Mame Jones, daughter of Mayor Jones, of Wellsville, to Thomas Edward Byrnes, of the same place, solemnized at high noon today.

Home From the Golden State.

James McBane, who went to Santa Barbara, Cal., 18 months ago, for the benefit of his health, has returned home greatly improved. He is undecided whether to return to the golden state.

Adjusting Losses.

Agent Carroll, of Cleveland, is in the city adjusting the losses for three companies who issued policies on the stock destroyed in the recent fire. The amount has not been settled yet.

A New Home.

Edward Johnson is erecting a handsome new residence on Thompson hill.

AGAINST A BOND ISSUE

The Vote of Yesterday's Election Stands 336 to 165.

THE ENEMIES OF THE BOARD

Worked Might and Main to Defeat the Measure, While Those Favoring it Exhibited Very Little Interest--The Result Will Lessen the Term to Six Months.

The election, called to ascertain whether the board of education would be permitted to issue \$15,000 worth of bonds, for the purpose of obtaining funds for the proper accommodation of the schools, and improving the Central building, was held yesterday, with the result that it was defeated by a vote of 336 to 165.

Ever since the announcement that an election would be held for the purpose of issuing bonds, the people who are antagonistic to the board of education worked might and main against the project; not so much that they were opposed to the issuing of the bonds, but because they don't want to favor anything the new board of education bring before the people. They took occasion to notify all their friends how to vote, and had them turn out in force. Had the friends of the board worked as hard as their enemies, the result would have been different. The stories that were told by the people who opposed the proposition were so numerous that it would take a large book to contain them all, one of the canards being that the board had all the money they needed and only wanted to issue bonds in order to have a surplus. This story was so shallow that any man with good common sense would be able to see through it.

As a result the school term will be lessened, and instead of a nine-months' term, lack of funds will compel the board to cut down expenses by reducing the term to six months. This will be hailed with delight by the small boy, but will be decidedly detrimental to the educational interests of our city, and will bring down deep condemnation upon the men who opposed the issue.

Republican National Convention.

On June 12, 13, 14 and 15 special low rate excursion tickets will be sold on Pennsylvania lines, account Republican National convention, good for return until June 21, inclusive, or one day after adjournment of convention. For particulars apply to Adam Hill, ticket agent, East Liverpool, Ohio, who will also reserve Pullman car accommodation from Steubenville.

Excursions to Denver.

June 12 and 13 excursion tickets will be sold to Denver, Colo., via Pennsylvania lines for meeting national council, Junior American Mechanics. For details regarding rates, time of trains, return limit of tickets, and other information, please apply to local ticket agent of Pennsylvania lines.

Dismissed the Case.

Squire Manley this morning rendered his decision in the case of Dr. J. J. Kirk versus Fannie Wylie by dismissing the case at the plaintiff's cost. The case has been pending for some time, but has been postponed on numerous occasions, and not until last Friday was it tried.

A Small Fire.

The fire department was called to a house owned by J. M. Aten on Jethro street late this afternoon. A quick run was made, and the fire was extinguished by the babcocks.

Remove the Office.

The Bridgewater Gas company will remove from their present quarters in the First National bank building to a more convenient location on Sixth street.

Mercer lost a game to Chicago yesterday, as they got 16 hits from his delivery, although the eight errors of Washington were responsible for the game. Winnie did not pitch in his usual good style, but had two runs, two hits, three assists and one error to his credit. He struck out one man, gave three bases on balls, hit one man and made one wild pitch.

The team that will be taken to Niles tomorrow is as follows: Baxter and Finch, catchers; McShane and Albright, pitchers; Godwin, short; Heckathorne, first; Kennedy, second; Carey, third; Twaddle, left; McNutt, middle and Finch, right. C. Reark cannot get away Friday, but will go to Niles in time to cover right garden for the second game. When the East Liverpool gets through with Niles, that team will realize they have been in a ball game.

FAST RUNNING.

"Sandy" Steele Wins Two Events at Adrian College.

In an all-round field day contest between Adrian and Hillsdale colleges, held on May 25, "Sandy" Steele, of this city, succeeded in covering himself with glory. He won first place in the 220-yard dash in 25 seconds, and took first in the 440 dash in 55½ seconds. Speaking of the 100-yard dash, the Adrian paper says: "The starter played Steele a nice trick, which lost him about four yards. While regaining this lost ground, Steele was also blocked by Whipple, but in spite of all this Steele

was less than a foot behind Snyder when the line was crossed. Given a fair start, Steele can beat Snyder any time by two yards. The wind made the time in running slow." Another paper says: "Steele could have won this race easily enough, but the pistol was fired before he was on the line." In another column they say: "The only thing that was out of the way was the firing of the pistol before Steele was on the line in the 100-yard dash."

FELL IN THE RIVER.

And Was Almost Drowned--Rescued by a Watchman.

Last night the watchman at the bridge observed an individual in an advanced state of intoxication meandering about the river, and fearing for the inebriate's safety the watchman locked him up in the tool house on the float until he could sober up. This was early in the evening. About 11 o'clock the watchman was startled by hearing cries of distress coming from the vicinity of the floats. Rushing to the latter place he beheld the person whom he had locked up a few hours previous struggling in the water. The unfortunate man was soon rescued from his perilous position. As soon as he recovered, the half drowned man explained that he had forced open the door, and wishing to get ashore, had stumbled in the river. If the watchman had not heard the cries and came to the rescue, undoubtedly the man would have met a watery grave, as he was unable to swim.

TO A BETTER WORLD.

Mrs. Henry Croft Passes Away at Noon Today.

Mrs. Henry Croft died at her home on Fenton street shortly after noon today, aged 63 years. The lady has been an invalid for years and leaves a large family to mourn her loss, but goes to a better world to join her husband, who died eight years ago. She was beloved and respected by all who knew her, and the sorrowing children have the heartfelt sympathy of the community. The funeral will take place on Saturday afternoon from the First Presbyterian church, Reverend Taggart officiating. Interment will be made at Riverview cemetery.

NO CONCLUSION

Arrived at by the Investigating Committee Last Night.

Members Kent and Horwell, of the police committee, met at the city hall last night to investigate why so many policemen were in attendance at the ball game on Decoration Day. Mayor Gilbert was present at the meeting, but Marshal Johnson was not on hand. The committee had no report to make, and found, as exclusively stated in this paper last evening, that Officers Meador and Whan were off duty at that time, and privileged to go where they pleased. Another meeting will probably be held.

The Picnic.

The Epworth league picnic at Rock Point was a pronounced success, the day being an ideal one in every respect. The only accident that occurred was that to a lad from Wellsville, who was unintentionally struck across the leg with a board containing a sharp nail. Daniel Bowers won the potato race.

Using More Ice.

The consumption of ice for this season bids fair to exceed to amount used during the warm months of last year. The increased demand for this commodity is due to the fact that ice is more generally used in households now than formerly, and also has been reduced in price.

Last Well a Gasser.

The last well drilled on the land leased by S. C. Williams, on the farm owned by John Jones, near Williamsport, yesterday proved itself to be a gasser. The other wells also give promise of producing a bountiful supply of gas.

Present at the Wedding.

A number from this city were present at the nuptials of Miss Mame Jones, daughter of Mayor Jones, of Wellsville, to Thomas Edward Byrnes, of the same place, solemnized at high noon today.

Home From the Golden State.

James McBane, who went to Santa Barbara, Cal., 18 months ago, for the benefit of his health, has returned home greatly improved. He is undecided whether to return to the golden state.

Adjusting Losses.

Agent Carroll, of Cleveland, is in the city adjusting the losses for three companies who issued policies on the stock destroyed in the recent fire. The amount has not been settled yet.

A New Home.

Edward Johnson is erecting a handsome new residence on Thompson hill.

AGAINST A BOND ISSUE

The Vote of Yesterday's Election Stands 336 to 165.

THE ENEMIES OF THE BOARD

Worked Might and Main to Defeat the Measure, While Those Favoring it Exhibited Very Little Interest--The Result Will Lessen the Term to Six Months.

The election, called to ascertain whether the board of education would be permitted to issue \$15,000 worth of bonds, for the purpose of obtaining funds for the proper accommodation of the schools, and improving the Central building, was held yesterday, with the result that it was defeated by a vote of 336 to 165.

Ever since the announcement that an election would be held for the purpose of issuing bonds, the people who are antagonistic to the board of education worked might and main against the project; not so much that they were opposed to the issuing of the bonds, but because they don't want to favor anything the new board of education bring before the people. They took occasion to notify all their friends how to vote, and had them turn out in force. Had the friends of the board worked as hard as their enemies, the result would have been different. The stories that were told by the people who opposed the proposition were so numerous that it would take a large book to contain them all, one of the canards being that the board had all the money they needed and only wanted to issue bonds in order to have a surplus. This story was so shallow that any man with good common sense would be able to see through it.

As a result the school term will be lessened, and instead of a nine-months' term, lack of funds will compel the board to cut down expenses by reducing the term to six months. This will be hailed with delight by the small boy, but will be decidedly detrimental to the educational interests of our city, and will bring down deep condemnation upon the men who opposed the issue.

Republican National Convention.

On June 12, 13, 14 and 15 special low rate excursion tickets will be sold on Pennsylvania lines, account Republican National convention, good for return until June 21, inclusive, or one day after adjournment of convention. Dismissed the Case.

Squire Manley this morning rendered his decision in the case of Dr. J. J. Kirk versus Fannie Wythe by dismissing the case at the plaintiff's cost. The case has been pending for some time, but has been postponed on numerous occasions, and not until last Friday was it tried.

A Small Fire.

The fire department was called to a house owned by J. M. Aten on Jethro street late this afternoon. A quick run was made, and the fire was extinguished by the babcocks.

Remove the Office.

The Bridgewater Gas company will remove from their present quarters in the First National bank building to a more convenient location on Sixth street.

THE BOND ISSUE.

The question of a bond issue to wipe out the school indebtedness was settled by the people last night at the polls by a vote of 336 to 165, and bonds will not be issued. As a prominent gentleman of the city said: "The people objected to paying 5 per cent interest, preferring to pay 7 per cent." This seems like the essence of foolishness, boiled down, and yet good authorities assert that it is a plain statement of fact. A prominent attorney was working warmly against the issue yesterday, at the polls and upon the streets, he asserting that the first question upon the ballot was simple foolishness, and, in his opinion, would not hold water. The city solicitor should know his business, and he did the working, and here is his authority, the only authority for the issuing of bonds for cities of this grade, under the general laws. The old bond issue was under special act.

SECTION 3994. The board of education of any city district of the first class, except a district embracing a city of the first grade of the first class, may issue bonds to obtain or improve public school property, and in anticipation of income from taxes for such purposes, levied or to be levied, may, from time to time, as occasion requires, issue and sell bonds, under the restrictions and bearing a rate of interest specified in the preceding section, and pay such bonds and interest thereon when due, but shall so provide that no greater amount of such bonds shall be issued in any year than would equal the aggregate of a tax at the rate of two mills, for the year next preceding such issue; but the order to issue such bonds shall be made only at a regular meeting of the board, and by a vote of a majority of all the members thereof, taken by yeas and nays, and entered on the journal of the board.

Three leading members of the old board worked very zealously against the issue. This latter action looks very strange when it is taken into consideration that the old board contracted the indebtedness, while the new board is simply attempting to wipe out the old board's error, if error it be. Fair minded men assert that two of the said members of the old board, defeated in their attempt to secure re-election, are attempting to throw every impediment in the way of the new board. The law controlling will not allow a school board to borrow money to pay an old debt; neither will it permit the board to take money from the contingent fund for that purpose, the contingent fund being placed there for the meeting of current expenses, or emergencies which may arise, other than that of past indebtedness. The matter was placed before the people last night in order to save them unnecessary percentage. The old board borrowed money at 7 per cent, while the law explicitly states that the limit shall

not exceed 6 per cent. The present board, much against their desire and good judgment, were forced to follow the precedent set by the old board, and borrowed \$4,500 at 7 per cent to meet expenses contracted by their predecessors; they were forced to this or close the schools or let the teachers wait until the incoming tax would be paid into the school treasury. The assertion is made, by those who should be posted, that the old board acted illegally in taking money from the contingent fund, in borrowing money to pay past indebtedness, and in paying exorbitant interest, while the members were lacking in the common principles of business, failing to save money when the opportunity was offered to save discount to the taxpayers. We have it, from reliable authority, that a member of the old board boastfully said: "This trouble would not have existed had we been re-elected, as we would have found the money for the city to meet this deficiency and asked for no interest thereon." Does this sound like good sense? Is it in conformity with business principles? Is it in accordance with the everyday life and business of the men who were on the board not long since? Have they been in the habit of acting in this manner? Have they not, in paying illegal interest in the past, paid out many hundreds of dollars which would have been saved to the city, and placed in the school fund, for just such emergencies as the present, had they complied with the law, which forbids paying a greater rate of interest than 6 per cent? And now for common sense. THE RECORDS OF THE BOARD OF EDUCATION SHOW THAT NOT A SINGLE PENNY OF MONEY WAS EVER FURNISHED THE BOARD WITHOUT INTEREST! And further, no member of the board should loan money thereto, as such action would tend, in the nature of the case, to corruption, or the opening up of an avenue, by and through which corruption or evil and illegal practices might be made possible. The average moneyed man does not loan \$15,000 to his neighbor or neighbors, and fail to collect the nice little sum of \$1,050 annually as percentage, possibly running for 10 years, and rolling up to the nice pocket money of \$10,500. To the observer of average intelligence, he who attended the polls yesterday and made note of the voters who were gathered there, by indistinct effort on the part of members of the old board, the result of the ballot, as well as the animus of the fight against the issue, is easy of explanation. There are a few other features beneath the surface, however, which will be brought to light at the proper time. The citizens of East Liverpool, as a rule, are honest men, and they will pay their honest debts. Turn on the light.

BUSHNELL SECURED THE FLAG. An Old War Emblem to Be Restored After 35 Years.

COLUMBUS, June 11.—Governor Bushnell has gotten possession of an old war flag in a remarkable manner, and will probably restore it to its proper owners. It belonged to the Seventy-second regiment, O. V. I., and was captured by the Confederates under General Beauregard at the battle of Shiloh. General Beauregard gave it to the adjutant general of the confederacy, General Jordan. The latter was a great friend of the cause of Cuban liberty, and when the grand Cuban-American fair, which has just closed at the Madison Square garden, New York, was determined upon, General Jordan's daughter gave the flag to the fair, to be voted to the Grand Army post getting the largest number of votes.

Governor Bushnell learned of the incident and determined to secure the flag. He paid \$32.50 for 625 votes in behalf of Eaton post, G. A. R., of Clyde, O., and won by a margin of one vote, the next highest number being 524, cast for a New York veteran association. Governor Bushnell will probably donate the flag to the Seventy-second O. V. I. organization, to which it properly belongs. Thus the flag, after 35 years of wandering, comes back to the regiment from which it was captured.

OHIO'S FUNDED DEBT.

A Total of \$490,000 Will Be Due on July 1.

COLUMBUS, June 11.—The half-yearly statement of the state funded debt has been filed with the governor by the secretary of the sinking fund commission. The report shows the amounts of regular bonds payable as follows: July 1, 1896, \$250,000; July 1, 1897, \$250,000; July 1, 1898, \$250,000; July 1, 1899, \$240,000; July 1, 1900, \$300,000. In addition to these sums there is \$1,665 due on a domestic loan and on the loan of 1894 made on account of the necessities of the state there will be due July 1, this year, \$490,000, making a total of \$1,791,665. The sinking fund receipts for the six months were \$540,567.27, of which \$300,147.23 has been disbursed.

Shot Himself in the Mouth.

JACKSON, O., June 11.—News has just reached here of a tragedy at Oak Hill, a small village 12 miles south of here. Benjamin Evans committed suicide by shooting himself in the mouth with a gun. Both barrels were discharged and the whole top of his head was blown off. It is supposed the deed was committed while he was suffering from a temporary fit of insanity. He was a man of about middle age, and leaves a family.

A Pet Newboy Killed.

SPRINGFIELD, O., June 11.—Little "Billy" Madigan, aged 7 years, a newboy, who is well known all over the city, fell from the caboose of a Big Four freight and was instantly killed, his head and shoulders being severed from his body. Madigan could not pronounce the name of his papers plainly, but was the town pet.

REED ABANDONS HOPE.

His Manager Says McKinley Will Be Nominated.

WON'T HAVE THE SECOND PLACE.

However, His Name Will Be Presented For President—So Will Those of Allison and Morton—Alabama Contests Settled It—Events at St. Louis.

St. Louis, June 11.—Mr. Manley of Maine, Speaker Reed's chief lieutenant, in an interview said: "In my judgment the convention will nominate Governor McKinley on the first ballot for the presidency. It is useless to attempt to deny that this will be the result."

THIS MAN REFUSES WHAT OTHERS SCRAMBLE FOR.

Result. The action of the national committee in its overwhelming vote on the Alabama case settles conclusively how the respective states which the members of the committee represent will vote in the convention.

"Mr. Reed's name will be presented to the convention, and he will be voted for, and I am authorized to say that under no conditions or circumstances can he or will he accept the nomination for vice president, if it should be tendered to him. The great majority of the New England delegates will be loyal to Mr. Reed, but the convention is for Governor McKinley, and will nominate him."

Senator Gear, who is representing Iowa on the national committee, said that notwithstanding the declaration of Mr. Manly, Senator Allison's name would be presented to the convention and voted for. W. A. Sutherland, member of the national committee from New York, and who is the only prominent representative of Governor Morton's interest in St. Louis, said sententiously: "Mr. Morton will be presented to the convention and we hope to nominate him."

Ex-Governor Bulkeley of Connecticut is being pushed for the vice presidency. Senator Proctor positively declines to be a candidate.

BRADLEY BOOM NOT LOADED.

He Denies McKinley Advised Him to Straddle on the Money Question.

FRANKFORT, Ky., June 11.—During the past week statements have been sent out from Washington that Governor W. O. Bradley, who was last year elected governor of Kentucky on a gold standard platform over a Democratic free silver candidate, had originally been in favor of a compromising policy, and that Governor McKinley had induced him to adopt the gold standard policy, that he has since negotiated with McKinley and other candidates, and this has been followed by statements, purporting to come from Frankfort, that Governor Bradley had in his possession letters written him in confidence from various Republicans of national prominence which he would make public in retaliation for the aspersions against his sincerity. Concerning these reports Governor Bradley has made a statement, in which he says he never was in any combination with or against McKinley. Said he: "I have not offered to trade 16 votes, or any vote, for the vice presidency, nor will I be a candidate for vice president, nor would I accept a cabinet position."

"I did write to Mr. McKinley and at the same time wrote to a number of leading Republicans throughout the country concerning the Kentucky campaign. The insinuation that I wrote favoring a straddle on the currency question, or that McKinley advised me to pursue such a course, or that the silver agitation was the result of hard times just as the greenback craze was the result of the panic of 1873 is totally false. My views concerning the currency question are too well known to require explanation in Kentucky. In justice to Mr. McKinley I will add that the statement in The Courier-Journal that he wrote me recommending the 'adoption of a plank with a strong free silver tinge' is not true, neither he nor any one of the gentlemen addressed suggested anything of the kind."

CAPTURED BY McKINLEY.

Nearly All the Alabama Contests Settled in His Favor.

St. Louis, June 11.—The meeting of the Republican national committee to decide the contests for seats in the national convention absorbed the general interest in affairs pertaining to the convention.

The entire session was given up to the Alabama contests, which involved the seats of the four delegates-at-large and all of the nine districts, except the Second, making 32 seats that were in dispute. The contests were all decided, except those from the Third and Fifth districts, in which hearings were postponed on account of the absence of either contestants or contestees.

Of the 16 delegates whose cases were decided, either by vote of the committee or by withdrawal, 16 are for McKinley and 3 for Reed for president.

There was no division upon any of the contests, except that made in the case of the delegates-at-large, and this was overwhelmingly in favor of the Vaughan, or McKinley, delegates, and against the Mosley, or anti-McKinley men.

MISTREATING NEGRO DELEGATES.

One Hotel Breaks a Contract—Accommodations Elsewhere Refused.

St. Louis, June 11.—The St. James hotel has openly refused to entertain negro delegates and canceled a \$6,000 contract it had made with the Tippecanoe club, under direction of M. A. Hanna, for feeding and housing delegates.

As all the leading hotels are crowded, the Tippecanoe club is in a quandary as to what it will do with the colored delegates whom it promised to care for.

Mr. Hanna said he felt very sorry for the Business Men's League, which promised the national committee there would be no color line drawn. Said he: "The league has done everything in its power to prevent this trouble, and I do not consider it in any way to blame."

Mr. Hanna's emissaries also rented the big exposition building for use during the convention. It was suggested that cots be placed in it for the use of the colored men, but when the management of the building learned this it told the club that the negroes could not be quartered there. It was finally agreed, however, that the colored delegates might be fed there. Tony Faust, who holds the lease of the kitchen at the exposition, said he could not furnish either food or cots to do the work. An officer of the club said that cots would be imported from Cleveland.

Many of the colored men have, of their own accord, gone to the homes of colored people living here and obtained board and lodgings. Some of them, however, refuse to do this.

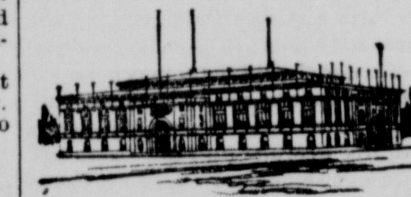

Dr. John Gant of Sherman, Tex., who leads the contesting McKinley delegation from the Lone Star state, is angry over the service which he is assured Proprietor Griswold of the Laclede hotel expects to give the colored members of his delegation. They will be served in their rooms, being barred out of the diningroom.

SILVER MEN IN SESSION.

The Delegates Holding a Conference in St. Louis Today.

St. Louis, June 11.—The advocates of the free and unlimited coinage of silver are holding a meeting today to compare views and discuss the proper line of proceeding when the convention meets. The meeting is informal and is attended by the delegates and national committeemen present from the states of California, Colorado, Utah, Montana, Nevada, Idaho, North Dakota, South Dakota, Washington and Oregon.

It is the desire of the movers of the meeting, of which Colonel Isaac Trumbo is the head, to try to get united action in behalf of the free coinage of silver and for a positive declaration for the protection of wool and lead ore, all these states being interested in one or the other of these industries. Colonel Trumbo says they will demand a specific declaration for a duty of 8 or 10 cents a pound on wool, and for the coinage of all the silver offered at the ratio of 16 to 1 without waiting for the co-operation of other nations. There has

CONVENTION HALL AT ST. LOUIS.

been some effort to secure the co-operation of the southern delegates in this movement, but it has not so far been successful.

W. R. Allen, president of the Southern Hotel company, says that the Southern, St. Nicholas, Lindell and Laclede will give the colored delegates equal privileges with the whites.

Want a Strong Protection Plank.

PHILADELPHIA, June 11.—President Dothan of the Manufacturers' club has appointed a committee to appear before the committee on resolutions in St. Louis and urge the insertion of a strong protective tariff plank in the republican platform. The chairman of the committee is James Pollock.

Convention Hall Dedicated.

St. Louis, June 11.—The convention hall was dedicated last night by impressive exercises and in the presence of a large number of people. Senator Carter and others were present. Governor Stone and others spoke.

Strengthen England's Case.

LONDON, June 11.—The Westminster Gazette says that valuable documents, strongly corroborative of the British case in the Venezuelan boundary dispute, were discovered in the vatican during a search for data made in the history of the Jesuits.

Viscount Sudley Won.

LONDON, June 11.—The trial of the suit for breach of promise brought by May Gore, the actress, against Viscount Sudley, eldest son of the Earl of Arran, damages to the amount of \$75,000 being claimed, has resulted a verdict for the defendant.

Sold to the Pennsylvania.

GRAND RAPIDS, June 11.—The Grand Rapids and Indiana railroad system, exclusive of the Muskegon branch and the land grant, has been sold here at auction to the Pennsylvania.

Spain's New War Vessels.

LONDON, June 11.—A Madrid dispatch to The Times says that the transatlantic steamers Alfonso Trece and Maria Christina, equipped for war, have been delivered to the government.

Routed the Matabeles.

BULWAYO, June 11.—MacFarlane's column has had a sharp brush near Inguzwa with a Matabele force. The latter was routed with the loss of 30 killed. Two troops were wounded.

A New College President.

TOPEKA, June 11.—The trustees of Washburne college have elected George M. Horrick president to succeed Peter McVicar, who was compelled to resign because of sickness.

An Ironclad's Boiler Explodes.

TOULON, June 11.—During the official trial of the new French ironclad Jaureguiberry one of her boilers exploded, injuring nine men.

The Weather.

Fair; slightly warmer; light to fresh variable winds.

SILVER WILL CONTROL.

Sheerin's View of the Democratic Convention.

SAYS A SILVERITE WILL PRESIDE.

The Secretary of the Democratic National Committee Has Heard of Only Two Contests—Names Mentioned For the Temporary Chairmanship.

INDIANAPOLIS, June 11.—Secretary Sheerin of the Democratic national committee says there is only one contest as yet before the committee. This is the Nebraska delegation. Notice of a contest in Colorado has also been received. Mr. Sheerin says the secretary's duties in making the roll of delegates is only ministerial, the committee deciding as to who has a prima facie case.

Concerning the temporary chairman of the convention, he said the names of ex-Governor Francis of Missouri, Senator Hill of New York and Hon. Hugh C. Wallace of Tacoma, have been suggested, though the committee had done nothing as yet. He says free silver will control the convention and will select the permanent chairman.

DECLARED AGAINST FREE SILVER.

The Maryland Democratic Convention Adopts Gold Resolutions.

BALTIMORE, June 11.—The financial resolutions adopted by the Democratic state convention say:

Believing that the true interests of the people require that the earnings of agriculture and trade and the wages of labor should be paid in money that is intrinsically worth in all the markets of the world what it purports to be worth, we demand the maintenance of the existing gold standard of value, and, further, that the government shall keep all its obligations at all times redeemable and payable in money of the greatest intrinsic value and of the highest standard adopted by the civilized nations of the world, and we therefore

Resolve, To oppose the free and unlimited coinage of silver at the ratio of 16 to 1.

When Congressman John K. Cowen was renominated for delegate-at-large jeers and hisses followed, but was suppressed by the chair.

These delegates were elected: Delegates-at-large, John E. Hurst, General John Gill, ex-Attorney General John P. Poe and R. M. Venable, all of Baltimore city; Marian DeKalb Smith, Charlestown, Kent county; Edwin Warfield, Howard county; Charles C. Homs, Baltimore county; Charles C. Crothers, Elkton, Cecil county.

The platform also declared for a tariff for revenue only, and endorsed President Cleveland's administration.

The silver men had little strength. Senator Gorman was both temporary and permanent chairman.

Each delegate-at-large was given a half vote.

Neal's New Oil Well.

CHILLICOTHE, O., June 11.—An oil well at North Baltimore, O., on land owned by Hon. Lawrence T. Neal, has been shot. It flows at the rate of 150 barrels a day. Mr. Neal has extensive oil interests in the Lima field.

Big Saengerfest Parade.

PITTSBURGH, June 11.—The Saengerfest parade was a magnificent affair today, followed by a big picnic at Alleghippa park. The grand concert last night was a notable event, the big artists, Fraulein Klafsky, Miss Stein, Guille, Fischer and others appearing.

Suicided Over the Cyclone.

St. Louis, June 11.—John R. Best, a wealthy lumber dealer, has committed suicide at his residence by cutting his throat with a razor. His act was due to temporary aberration of mind produced by fright at the violence of the recent cyclone.

"THE TRIUMPH OF LOVE"

IS HAPPY, FRUITFUL MARRIAGE.

Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manual, and How to Treat It."

"Here at last is information from a high medical source that must work wonders with the generation of men."

The best and most successful method by which to attain full vigor and manly power. A method by which to end all unnatural habits on the system.

To cure nervousness, lack of self-control, indecision, &c.

To exchange a jaded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, &c.

To give full strength, development and tone to every portion and organ of the body.

Age no barrier. Failure impossible. Two thousand references.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.

A despairing man, who had applied to us, wrote:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday, and my new self was born today. Why didn't you tell me when I first wrote that I would find it this way?"

And another thus:

"If you dropped a cart load of gold at my feet, it would not bring such gladness into my life as your method has done."

Write to the ERIE MEDICAL COMPANY, Buffalo, N. Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

"Cut Down Expenses."

THE BOND ISSUE.

The question of a bond issue to wipe out the school indebtedness was settled by the people last night at the polls by a vote of 336 to 165, and bonds will not be issued. As a prominent gentleman of the city said: "The people objected to paying 5 per cent interest, preferring to pay 7 per cent." This seems like the essence of foolishness, boiled down, and yet good authorities assert that it is a plain statement of fact. A prominent attorney was working warmly against the issue yesterday, at the polls and upon the streets, he asserting that the first question upon the ballot was simple foolishness, and, in his opinion, would not hold water. The city solicitor should know his business, and he did the working, and here is his authority, the only authority for the issuing of bonds for cities of this grade, under the general laws. The old bond issue was under special act:

SECTION 3994. The board of education of any city district of the first class, except a district embracing a city of the first grade of the first class, may issue bonds to obtain or improve public school property, and in anticipation of income from taxes for such purposes, levied or to be levied, may, from time to time, as occasion requires, issue and sell bonds, under the restrictions and bearing a rate of interest specified in the preceding section, and pay such bonds and interest thereon when due, but shall so provide that no greater amount of such bonds shall be issued in any year than would equal the aggregate of a tax at the rate of two mills, for the year next preceding such issue; but the order to issue such bonds shall be made only at a regular meeting of the board, and by a vote of a majority of all the members thereof, taken by yeas and nays, and entered on the journal of the board.

Three leading members of the old board worked very zealously against the issue. This latter action looks very strange when it is taken into consideration that the old board contracted the indebtedness, while the new board is simply attempting to wipe out the old board's error, if error it be. Fair minded men assert that two of the said members of the old board, defeated in their attempt to secure re-election, are attempting to throw every impediment in the way of the new board. The law controlling will not allow a school board to borrow money to pay an old debt; neither will it permit the board to take money from the contingent fund for that purpose, the contingent fund being placed there for the meeting of current expenses, or emergencies which may arise, other than that of past indebtedness. The matter was placed before the people last night in order to save them unnecessary percentage. The old board borrowed money at 7 per cent, while the law explicitly states that the limit shall

not exceed 6 per cent. The present board, much against their desire and good judgment, were forced to follow the precedent set by the old board, and borrowed \$4,500 at 7 per cent to meet expenses contracted by their predecessors; they were forced to this or close the schools or let the teachers wait until the incoming tax would be paid into the school treasury. The assertion is made, by those who should be posted, that the old board acted illegally in taking money from the contingent fund, in borrowing money to pay past indebtedness, and in paying exorbitant interest, while the members were lacking in the common principles of business, failing to save money when the opportunity was offered to save discount to the taxpayers. We have it, from reliable authority, that a member of the old board boastfully said: "This trouble would not have existed had we been re-elected, as we would have found the money for the city to meet this deficiency and asked for no interest thereon." Does this sound like good sense? Is it in conformity with business principles? Is it in accordance with the everyday life and business of the men who were on the board not long since? Have they been in the habit of acting in this manner? Have they not, in paying illegal interest in the past, paid out many hundreds of dollars which would have been saved to the city, and placed in the school fund, for just such emergencies as the present, had they complied with the law, which forbids paying a greater rate of interest than 6 per cent? And now for common sense. THE RECORDS OF THE BOARD OF EDUCATION SHOW THAT NOT A SINGLE PENNY OF MONEY WAS EVER FURNISHED THE BOARD WITHOUT INTEREST! And further, no member of the board should loan money thereto, as such action would tend, in the nature of the case, to corruption, or the opening up of an avenue, by and through which corruption or evil and illegal practices might be made possible. The average monied man does not loan \$15,000 to his neighbor or neighbors, and fail to collect the nice little sum of \$1,050 annually as percentage, possibly running for 10 years, and rolling up to the nice pocket money of \$10,500. To the observer of average intelligence, he who attended the polls yesterday and made note of the voters who were gathered there, by indistinct effort on the part of members of the old board, the result of the ballot, as well as the animus of the fight against the issue, is easy of explanation. There are a few other features beneath the surface, however, which will be brought to light at the proper time. The citizens of East Liverpool, as a rule, are honest men, and they will pay their honest debts. Turn on the light.

BUSHNELL SECURED THE FLAG.

An Old War Emblem to Be Restored After 35 Years.

COLUMBUS, June 11.—Governor Bushnell has gotten possession of an old war flag in a remarkable manner, and will probably restore it to its proper owners.

It belonged to the Seventy-second regiment, O. V. I., and was captured by the Confederates under General Beauregard at the battle of Shiloh.

General Beauregard gave it to the adjutant general of the confederacy, General Jordan. The latter was a great friend of the cause of Cuban liberty, and when the grand Cuban-American fair, which has just closed at the Madison Square garden, New York, was determined upon, General Jordan's daughter gave the flag to the fair, to be voted to the Grand Army post getting the largest number of votes.

Governor Bushnell learned of the incident and determined to secure the flag. He paid \$250 for 635 votes in behalf of Eaton post, G. A. R., of Clyde, O., and won by a margin of one vote, the next highest number being 524, cast for a New York veteran association.

Governor Bushnell will probably donate the flag to the Seventy-second O. V. I. organization, to which it properly belongs. Thus the flag, after 35 years of wandering, comes back to the regiment from which it was captured.

OHIO'S FUNDED DEBT.

A Total of \$490,000 Will Be Due on July 1.

COLUMBUS, June 11.—The half-yearly statement of the state funded debt has been filed with the governor by the secretary of the sinking fund commissioners. The report shows the amounts of regular bonds payable as follows:

July 1, 1896, \$250,000; July 1, 1897, \$250,000; July 1, 1898, \$250,000; July 1, 1899, \$240,000; July 1, 1900, \$300,000.

In addition to these sums there is \$1,665 due on a domestic loan and the loan of 1894 made on account of the necessities of the state there will be due July 1, this year, \$490,000, making a total of \$1,791,665. The sinking fund receipts for the six months were \$540,567.27, of which \$300,147.23 has been disbursed.

Shot Himself in the Mouth.

JACKSON, O., June 11.—News has just reached here of a tragedy at Oak Hill, a small village 12 miles south of here. Benjamin Evans committed suicide by shooting himself in the mouth with a gun. Both barrels were discharged and the whole top of his head was blown off. It is supposed the deed was committed while he was suffering from a temporary fit of insanity. He was a man of about middle age, and leaves a family.

A Pet Newsboy Killed.

SPRINGFIELD, O., June 11.—Little "Billy" Madigan, aged 7 years, a newsboy, who is well known all over the city, fell from the caboose of a Big Four freight and was instantly killed, his head and shoulders being severed from his body. Madigan could not pronounce the name of his papers plainly, but was the town pet.

MISTREATING NEGRO DELEGATES.

One Hotel Breaks a Contract—Accommodations Elsewhere Refused.

St. Louis, June 11.—The St. James hotel has openly refused to entertain negro delegates and canceled a \$6,000 contract it had made with the Tippecanoe club, under direction of M. A. Hanna, for feeding and housing delegates.

As all the leading hotels are crowded, the Tippecanoe club is in a quandary as to what it will do with the colored delegates whom it promised to care for.

Mr. Hanna said he felt very sorry for the Business Men's League, which promised the national committee there would be no color line drawn. Said he: "The league has done everything in its power to prevent this trouble, and I do not consider it in any way to blame."

Mr. Hanna's emissaries also rented the big exposition building for use during the convention. It was suggested that cots be placed in it for the use of the colored men, but when the management of the building learned this it told the club that the negroes could not be quartered there. It was finally agreed, however, that the colored delegates might be fed there. Tony Faust, who holds the lease of the kitchen at the exposition, said he could not furnish either food or cots to do the work. An officer of the club said that cots would be imported from Cleveland.

Many of the colored men have, of their own accord, gone to the homes of colored people living here and obtained board and lodgings. Some of them, however, refuse to do this.

Dr. John Gant of Sherman, Tex., who leads the contesting McKinley delegation from the Lone Star state, is angry over the service which he is assured Proprietor Griswold of the Laclede hotel expects to give the colored members of his delegation. They will be served in their rooms, being barred out of the diningroom.

SILVER MEN IN SESSION.

The Delegates Holding a Conference in St. Louis Today.

St. Louis, June 11.—The advocates of the free and unlimited coinage of silver are holding a meeting today to compare views and discuss the proper line of proceeding when the convention meets. The meeting is informal and is attended by the delegates and national committeemen present from the states of California, Colorado, Utah, Montana, Nevada, Idaho, North Dakota, South Dakota, Washington and Oregon.

It is the desire of the movers of the meeting, of which Colonel Isaac Trumbo of Utah is the head, to try to get united action in behalf of the free coinage of silver and for a positive declaration for the protection of wool and lead ore, all these states being interested in one or the other of these industries. Colonel Trumbo says they will demand a specific declaration for a duty of 8 or 10 cents a pound on wool, and for the coinage of all the silver offered at the rate of 16 to 1 without waiting for the co-operation of other nations. There has

been some effort to secure the co-operation of the southern delegates in this movement, but it has not so far been successful.

W. R. Allen, president of the Southern Hotel company, says that the Southern, St. Nicholas, Lindell and Laclede will give the colored delegates equal privileges with the whites.

Want a Strong Protection Plank.

PHILADELPHIA, June 11.—President Dorman of the Manufacturers' club has appointed a committee to appear before the committee on resolutions in St. Louis and urge the insertion of a strong protective tariff plank in the Republican platform. The chairman of the committee is James Pollock.

Convention Hall Dedicated.

St. Louis, June 11.—The convention hall was dedicated last night by impressive exercises and in the presence of a large number of people. Senator Carter and others were present. Governor Stone and others spoke.

Strengthens England's Case.

LONDON, June 11.—The Westminster Gazette says that valuable documents, strongly corroborative of the British case in the Venezuelan boundary dispute, were discovered in the vatican during a search for data made in the history of the Jesuits.

Viscount Sudley Wounded.

LONDON, June 11.—The trial of the suit for breach of promise brought by May Gore, the actress, against Viscount Sudley, eldest son of the Earl of Arran, damages to the amount of \$75,000 being claimed, has resulted a verdict for the defendant.

Sold to the Pennsylvania.

GRAND RAPIDS, June 11.—The Grand Rapids and Indiana railroad system, exclusive of the Muskegon branch and the land grant, has been sold here at auction to the Pennsylvania.

Spain's New War Vessels.

LONDON, June 11.—A Madrid dispatch to The Times says that the transatlantic steamers Alfonso Trece and Maria Christina, equipped for war, have been delivered to the government.

Routed the Matabeles.

BULUWAYO, June 11.—MacFarlane's column has had a sharp brush near Inguzwa with a Matabele force. The latter was routed with the loss of 30 killed. Two troops were wounded.

A New College President.

TOPEKA, June 11.—The trustees of Washburn college have elected George M. Horrick president to succeed Peter McVicar, who was compelled to resign because of sickness.

CONGRESS' LAST DAY.

Rushing Bills Through to Adjourn at 4 P. M.

SENATE GOT THE UPPER HAND.

The House Backed Down Gracefully For the Sake of Final Adjournment—Members Took Advantage of Objection to Kem's Absence—Session of the Senate.

WASHINGTON, June 11.—Congress settled its differences and by a joint resolution fixed upon 4 o'clock this afternoon for the end of the session.

The agreement came just as the prospects for adjournment were beginning to look dark, with both houses threatening to hold out all summer before either would yield a point to the other, with a bare quorum responding to the roll calls and with a final flare of political recriminations.

The victory, if there be one, rests with the senate, for its dozen amendments to the sundry civil bill making appropriations for public buildings in western cities were accepted gracefully by the house while house leaders still insisted on the prerogative of their body to originate appropriations. Both factions to the contest over government aid to church institutions claimed to have prevailed in the compromise of the District of Columbia bill, which continued for one more year the disbursements to church charitable institutions, coupling the extension with a declaration that the government's policy is to expend no more money in this field.

WORK OF THE HOUSE.

Many Bills Crowded Through Before the Closing Hour.

WASHINGTON, June 11.—An enormous amount of business is being transacted by the house today in order to clear the desks for the final adjournment this afternoon at 4 o'clock. The absence of Mr. Kem permitted members to pass bills in the closing hours in which they were vitally interested. There was a great clamor for recognition. Fifty-three bills and joint resolutions were passed, the most important of which probably was the bill appropriating \$200,000 for the Transmississippi exposition at Omaha. Mr. Allen of Mississippi, the wif of the house, enlivened the day with a humorous speech.

Chairman Cannon of the appropriations committee made a gallant fight to induce the house to stand out against the senate public building items in the sundry civil bill, but the members outvoted him 100 to 88. After the conference report on the district of Columbia bill, containing its compromise on sectarian charities had been presented, Mr. Cannon precipitated a heated discussion of the political situation in which Mr. Dockery (Dem., Mo.) and Mr. Dingley (Rep., Me.) participated. The work of the session was elaborately reviewed, criticised and defended. The conference report on the District of Columbia bill was adopted. The senate resolution for final adjournment at 4 p. m. was passed.

THE SENATE SESSION.

Last of the Appropriation Bills Is Disposed Of.

WASHINGTON, June 11.—The senate has disposed of the last of the appropriation bills and is ready for final adjournment at 4 p. m.

A number of bills were passed, including the important bill giving trial by jury and other safeguards in prosecution for contempt of court. The measure has been vigorously urged by labor interests, particularly railroad employees. It is the result of the agitation resulting from the imprisonment of Eugene V. Debs for contempt of an injunction issued at the time of the Chicago strike.

The senate bill was passed to increase pay of letter carriers.

A final conference report on the District of Columbia appropriation bill was agreed to.

Caused a Wall Street Panic.

NEW YORK, June 11.—A false report from Washington that the president is about to send a message to congress relative to Cuba is in circulation on the Stock Exchange and has caused heavy selling all along the line. The market appeared to be full of "stop loss" orders and yielded easily.

Agricultural Department Report.

WASHINGTON, June 11.—Agricultural department crop report shows that the average condition of winter wheat is 77, spring wheat, 79. Total winter wheat, 22,794,000; total spring, 11,825,000. Percentage of winter and spring wheat is 101.7, and condition of all wheat is 87.6.

Condition of the Treasury.

WASHINGTON, June 11.—The statement of the condition of the treasury shows: Available cash balances, \$266,009,593; gold reserve, \$106,487,818.

THE WALLING TRIAL.

An Attempt to Discredit the Story of Conchman Jackson.

NEWPORT, Ky., June 11.—In the Walling trial depositions of ten negroes and one white man were read, the purpose of some of which was to prove that the cabman, George H. Jackson, was subject to epilepsy and of others that he was in Cincinnati till two hours after midnight of Jan. 31 this year, the night of the murder.

Other testimony was in regard to an experimental drive over the route described as taken by the carriage which the negro Jackson says he drove on that fatal night.

The carriage, with four people weighing altogether about 640 pounds, made the experimental trip from George and Elm street, Cincinnati, to the scene of the murder in hot weather in May after dark on one hour and 57½ minutes, gross time. But, subtracting 15 minutes for delays, the driving time was one hour and 41½ minutes. A sprinter employed to run from the scene of the murder in Kentucky to where the negro Jackson lived on Mt. Auburn made the trip in two hours in daylight across a side.

A WOMAN HUNG.

The London Baby Farmer Dies For Her Many Crimes.

LONDON, June 11.—Mrs. Annie Dyer, the baby farmer of Reading, who was arrested on April 2 on the charge of murdering many infants entrusted to her care, has been hanged in Newgate prison. Mrs. Dyer was one of the most extraordinary criminals of the age, a wholesale, coldblooded murderer.

The police first became suspicious of her and her son-in-law, Arthur E. Palmer, early in April, when the bodies of a number of children, apparently strangled to death, were recovered from the river Thames, where they had been thrown weighted down with bricks, etc. An investigation led to the arrest of Mrs. Dyer and Palmer. Letters found in her house showed that many of the parents with whom she and her accomplice had dealings were aware of the fate intended for the infants.

A conservative estimate places the number of children killed at 40; but other estimates have it that as many as 100 infants were either strangled or drowned by Mrs. Dyer.

Mrs. Dyer and her son-in-law lived in Reading, where they had a great reputation for piety. Over the door of her home was a figure of Jesus Christ, beneath which was the inscription: "Suffer little children to come unto me, and forbid them not, for of such is the kingdom of heaven."

FLEEING BEFORE THE TURKS.

Turks Repeating Their Outrages, This Time in Crete.

LONDON, June 11.—The Times has a dispatch from Canea, Island of Crete, which says: The Turkish troops invaded Acrotiri and Kydonia and destroyed the churches.

In consequence of the destruction of villages in the western district 5,000 refugees have fled to the mountains, where they are suffering extreme privations. The burning of the villages about Rattino continues, and also the villages around Canea.

HEIRS OF MILLIONS TO WED.

Miss Gertrude Vanderbilt Engaged to the Son of William C. Whitney.

NEW YORK, June 11.—Announcement of the engagement of Henry Payne Whitney, eldest son of William C. Whitney, and Miss Gertrude Vanderbilt, daughter of Cornelius Vanderbilt, has been made.

Mr. Whitney is 22 years old and Miss Vanderbilt is 18.

Special excursion tickets will be sold via Pennsylvania short lines as follows:

To St. Louis June 12, 13, 14 and 15, for the Republican National convention; good returning until June 21, inclusive.

Special local excursions will also be run during the season in addition to that foregoing. Please bear in mind the concessions in fare will be granted over the Pennsylvania short lines, the desirable route on which all the comforts of travel may be enjoyed. Applications for information addressed to passenger and ticket agents of the Pennsylvania system will be cheerfully and promptly answered. The person to see at East Liverpool is Adam Hill.

DEMOCRATIC NATIONAL CONVENTION.

Tickets to Chicago will be sold at reduced rates via Pennsylvania lines July 3, 4, 5 and 6; good returning until July 12; details may be obtained by applying to ticket agents of Pennsylvania lines.

ST. LOUIS EXCURSIONS.

June 12, 13, 14 and 15, via Pennsylvania lines; good returning until June 21. Rates and time of trains may be obtained of Pennsylvania line ticket agents.

UNIFORMED ATTENDANTS

For Eastern Passengers via Pennsylvania Lines.

A uniformed parcel porter service was recently established at the Jersey City passenger station of the Pennsylvania lines. The duties of these porters are to look after the comfort of all arriving and departing passengers over the Pennsylvania system, and to accompany them (if desired) between Cortlandt street ferry, New York city, and the American line pier, Sixth Avenue electric railroad, and the Central Railroad of New Jersey station; also between Desbrosses street ferry, New York city, and the Ninth Avenue elevated railroad.

The uniformed parcel porter system has just been extended to the Philadelphia Broad street passenger station of the Pennsylvania lines, where porters will meet all trains and assist passengers who may desire their aid; take charge of rolling chairs when needed; meet carriages and make themselves generally useful to passengers. They will be in attendance from 6 a. m. until 12 midnight, and when accompanying passengers will carry parcels and hand baggage.

They are not permitted to charge for this service, nor to intimate in any way that a fee will be expected. Any recognition of their service must be in the nature of a positive gratuity, entirely optional with the person served.

RUSSELL'S WISH GRANTED.

Wanted No Endorsement by Connecticut Democrats For Sound Money.

HARTFORD, Conn., June 11.—Ex-Governor Waller presided as permanent chairman of the Democratic state convention. The platform adopted declares for sound money.

The platform also endorses the administration of President Cleveland, and especially approves "his firm support of the public credit, and his exemplification of the Monroe doctrine."

The selections made at the caucuses for delegates to Chicago were ratified by the convention.

In deference to the wishes of Hon. W. E. Russell of Massachusetts, expressed in a letter to Lynde Harrison, the delegates were not instructed on the subject of presidential candidates.

Hesing Talks of a Bolt.

CHICAGO, June 11.—Postmaster Washington Hesing of this city announces that if the Democratic party declares for free silver and the Republican party for a gold standard he and his paper, the Chicago Staats Zeitung, will bolt the Democratic party and work for the Republican nominee.

WEYLER IN A BAD WAY.

In Great Need of Money—Cuba Won't Have Dimes Rule.

MADRID, June 11.—In official circles here the report is denied that Spain has received a note from the United States suggesting friendly intervention in Cuba. It is also alleged that the Havana correspondent of the London Times was misled when he cabled to his paper that there was much talk in official circles of arranging the Cuban question on a basis of conceding home rule and that the Cubans would accept it if the United States guaranteed Spain's compliance. It is stated that the Cubans insist upon complete independence and that home rule would not content them.

A dispatch received here from Havana says that the administration there is in serious financial trouble. The pay of the Spanish troops is reported to be three months in arrears and, consequently, the soldiers are believed to be discontented.

For Bland and Free Coinage.

VINITA, I. T., June 11.—The Indian Territory Democratic convention, held in this city, have elected four delegates from the respective nations in this territory and two delegates at large. Free coinage of silver at the ratio of 16 to 1 was endorsed, and the delegates were instructed to vote for Bland for the presidential nomination.

Lee Dines With Weyler.

HAVANA, June 11.—United States Consul General Lee has dined with Captain General Weyler, sitting at his hosts' right hand, while Mr. Williams, the retiring consul general of the United States sat at his left. General Weyler's other guests were Spanish officers.

Name of the Bombthrower.

BARCELONA, June 11.—The police have ascertained that the name of the man who threw the bomb into the procession on Sunday last, causing the death of about a dozen people, is Changer. He is supposed to be an agent of the Cuban rebels.

Some sports are making arrangements to have a rat killing contest soon, and if any one has any rodents to sell they can easily dispose of them for this purpose, by applying to the interested parties.

Bert Scheller again defeated Dave Lloyd in a wrestling match at Beaver Falls, Tuesday night. The match was for \$50 a side and proved an interesting contest, the men being evenly matched.

I. N. Crable, who underwent an operation in a Pittsburgh hospital a few weeks ago, for the removal of a cancerous affection from his side, has again, after a temporary improvement, taken a relapse, and his attending physician orders that he have another operation.

John Hailey, who was arrested by Detective Mehan for train jumping, is still in jail, and will probably be placed on the street to work out his fine, providing that he does not receive any money from his relatives in Pittsburgh, to whom he has written for financial assistance.

Trentvale street residents are anxiously awaiting those promised sidewalks. They are especially needed now, as the recent heavy rains have left the street in an unfit condition for foot travel, and at night pedestrians are in danger of falling into holes and receiving injuries upon which a damage suit against the city could be based.

Word has been received in the city that Miss E. B. Huston is at present in the hospital at St. Paul, suffering from the effects of an operation, but it is thought she is past danger and will recover. The lady was for several years principal of the high school here, and has many friends who will be pained to hear of her illness.

A PLEASANT RECEPTION

Rev. R. B. Whitehead and Wife
Receive a Royal Greeting.

MRS. WHITEHEAD FOR MARYLAND

There Was a Full House at the George Building Last Night—A Snug Sum Presented to the Estimable Couple—A Pleading Program.

The reception accorded Mr. and Mrs. Rev. R. B. Whitehead last night was a pronounced success from every standpoint, George's hall being crowded and many unable to gain admittance. Professor Swan was master of ceremonies and did his duty in a very acceptable manner.

The McLane quartet received hearty applause for an opening selection of songs, Mrs. McLane presiding at the piano.

Messrs. Quinn and Barlow made merry music on mandolin and guitar and were recalled.

The Harper quartet, Misses Georgie McLane and Allie Laughlin, and Messrs. Harper and Swan, rendered "Come where my love lies dreaming" in an exceptionally pleasing manner and were the recipients of long-continued hand-clapping.

Reverend Lee made a neat little address, preparatory to raising a collection, stating the object of the meeting, after which the hats were passed through the assembly.

Quinn & Barlow favored the audience with another selection in mandolin and guitar, after which Professor Swan read "The Soliloquy of a Silver Dollar," an essay applicable to the occasion, teeming with telling hits upon residents of our city and customs prevailing therein; also giving a history of the "Dollar's" travels, as it passed from hand to hand in commerce. This production was enthusiastically applauded. It was a gem.

Miss Josie McLane followed with a neat piece of Delsarte work, to the piano accompaniment of Miss Grace Reed.

Mrs. Rev. Sloane delighted the audience with a charmingly rendered solo, accompanied on the piano by Mrs. Watkins.

Rev. John Lloyd Lee then made the presentation speech of the evening, presenting Mr. and Mrs. Whitehead a snug purse of money, in the name of various organizations and friends of East Liverpool. The reverend gentleman's speech was in his very happiest vein, witty and pathetic as the emergency demanded, and he was rapturously applauded at its close.

Reverend Whitehead made response, and his talk was well worth listening to, as he emphasized the fact that the true minister of the gospel is he who dares to speak the truth, as God gives him to see the truth, boldly and fearlessly, no matter what betides, stating that he, as a Christian minister, had attempted to follow in this channel, and God's blessing had been his reward. In earnest, eloquent tones, he spoke of the Master's love for humanity, and then, in closing, thanked one and all who had so honored his beloved wife and himself. Mrs. Whitehead was then called before the audience, and returned her sincere thanks for loving remembrance, but as she was excused from making a speech, as her heart was too full and she could not control her emotions.

Rev. J. C. Taggart then made a few remarks and afterward offered up a fervent prayer, asking God's choicest blessings upon Reverend Whitehead and his beloved partner, closing with the benediction. It was near midnight before the handshaking and good wishes were ended.

Those who had the reception in charge desire to return thanks to Mr. Frank George for granting the use of the hall, free of charge.

Mrs. Whitehead and children, accompanied by Miss Emma Applegate, left for Maryland this morning.

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes, August 10, 1891: "Foley's Kidney cure is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health, and Foley's Kidney cure has made it such. I had suffered 27 years with the disease, and today I feel 10 years younger than I did one year ago. I can obtain some wonderful certificates of its medical qualities."

THE COMMITTEE MET

In the New Library Rooms
Last Night.

WILL HAVE A COMPLETE REPORT

To Present to the General Meeting on Tuesday Night—Representative Business Men Will Constitute One-Half of the Board of Directors—The Fund.

The members of the library committee are still hustling and leaving no stone unturned to make as nice a showing as possible ere the general meeting on Tuesday next.

The committee met in the library rooms last night, a good attendance of the members being present, and transacted a large amount of business. The sub-committees having the different departments of the work in hand reported what progress they had made since the previous session, which were all of an encouraging nature. The nominating committee had visited a number of business men and manufacturers and solicited them to allow their names to be proposed to the general meeting as directors, which was heartily consented to in each instance, and the committee is assured that one-half of the board of directors of the library will be made up of representative business men, while the other half will come from the ranks of the workmen of the city.

A committee was appointed to make all arrangements for the general meeting next week, and in order that a complete statement of the business transacted may be laid before that meeting, all committees were ordered to finish up their work and make a report to the secretary by Monday evening at the latest. The committee adjourned to meet next Saturday evening at the same place at 8 o'clock.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my housework. Mrs. W. L. Danagan, Bonaqua, Hickman co., Tenn. For sale by A. H. Bulger, druggist.

When You Take Your Vacation

The most necessary article to have with you (after your pocketbook) is a bottle of Foley's Colic and Diarrhoea cure. It is an absolute prevention or cure of all derangements of the bowels caused by a change of water. You are likely to need it.

For sale by Reed's and Bulger's drug stores.

"Many of the citizens of Rainville, Indiana are never without a bottle of Chamberlain's Cough remedy in the house," says Jacob Brown, the leading merchant of the place. This remedy has proven of so much value for colds, croup and whooping cough, in children that few mothers who know its worth are willing to be without it. For sale by A. H. Bulger, druggist.

LOOKING AHEAD.
Discovery. It doesn't work miracles; but it does what other medicine can't do and what doctors say can't be done—until they see it done right under their noses—it cures consumption. Not always; to say that would be an exaggeration, but in a large majority of cases; in advanced cases which have been given up as hopeless.

The "Discovery" is not called a consumption-cure; it is a blood-maker. It gives energy to the blood-making organs to create new blood, full of healthy red corpuscles. This rapid supply of pure, rich, red blood drives out all diseases that have their roots in the blood: Consumption is one of these; scrofula, malaria, eczema, erysipelas, catarrh—are others. It is absurd to doctor them separately as lung, or skin, or head diseases. They must be driven out of the blood. You can rely on the "Golden Medical Discovery" to do this every time.

It is not a patent medicine. It is the perfected result of 30 years, practical experience by one of the most skillful physicians and eminent medical authorities in this country:—Dr. R. V. Pierce, Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's 1008 page book, "The People's Common Sense Medical Adviser," reached the enormous sale of 100,000 copies at \$1.50 each. This enormous sale having paid him a fair profit on the great amount of labor and money expended in producing it, he is now giving away absolutely free 500,000 copies, the recipient only being required to mail to him, at the above institution, 21 one-cent stamps to cover cost of mailing only, and the book will be sent post-paid.

COLUMBUS, June 11.—The governor appointed Albert Brewer of Tiffin a member of the state fish and game commission in place of W. H. Huntington of Cleveland, resigned. The commission met at the Chittenden hotel and elected William Harlow warden of Buckeye Lake, an office created by the last legislature. R. F. Seitzer was elected secretary of the commission, and members George Fallon and Albert Brewer were appointed as the committee on lake fisheries. State Game Warden Buntin, it is understood, will be succeeded by William Kirby of Dayton.

They took the contract too low, and threw up the job before completing the building. The government withheld \$3,000 on the contract, and exports figure that it will take this amount to finish the work, leaving but little for the creditors.

DIVORCE AND ALIMONY

Is What Catharine Woodward of Salineville is After.

A WARRANT WAS SWORN OUT

By Her Husband, Charging Her With a Crime of Which She Was Innocent, and the Action is the Result—Pending Since Last October.

LISBON, June 11. [Special].—The trouble which arose in the Woodward home in Salineville during last October, and caused the separation of Ralph and Catharine Woodward, which was followed by an action for divorce and alimony, was brought in court this morning. Ralph Woodward is a saloonist in Salineville, and about nine years ago made Catharine Woodward his second wife. Sometime during the first of October, Woodward had accumulated \$1,000 in gold, which he kept secreted about the house, and on one occasion, when he was unable to find it, accused his wife of having stolen it, and had a warrant issued, charging her with theft. Before the warrant could be served upon her the money was found by a member of the family securely hidden in a mattress, where it had been placed by Woodward for safety. The warrant was then withdrawn, but Mrs. Woodward left his home and at once brought the action which is pending.

Henry Shoutz, of Hanover, who brought action against Taylor Temple, a prominent resident of that village, to recover a judgment for \$10,000 for the alienation of his wife's affections, agreed this morning to settle his claim for \$150.

Judge Young this morning passed sentence upon John Schaffer, a 17-year-old youth residing at Long's crossing, giving him 30 days in the county jail and \$25 fine, with costs, on a charge of assault and battery. On Decoration Day, Schaffer and a lad named William Buckman engaged in a quarrel, when the former struck his opponent with a baseball bat, breaking three ribs. For a time Buckman's condition was considered serious, and no arrest was made until it could be ascertained what charge Schaffer would be called to answer for. A jury yesterday gave Ellsworth Culler a verdict for \$55 in the suit brought by him against Joseph O. Johnson and wife, who reside near New Waterford. The amount was due on a contract by which Culler was to live on and work a part of the farm.

Beginning with next Monday the following jurors, drawn today, will serve on the petit jury: F. H. Arbuckle and Job Dawson, of East Liverpool; Stanton Thomas, of Columbiana, and James Atcheson, of Perry township.

The application to admit the will of the late Sarah J. Garen, of Wellsville, which was to have been heard this morning, was continued indefinitely.

Alice J. Miles was this morning appointed administrator of the estate of Lawrence H. Miles, with a bond of \$600.

A PLEASANT RECEPTION

Rev. R. B. Whitehead and Wife
Receive a Royal Greeting.

MRS. WHITEHEAD FOR MARYLAND

There Was a Full House at the George Building Last Night—A Snug Sum Presented to the Estimable Couple—A Pleasant Program.

The reception accorded Mr. and Mrs. Rev. R. B. Whitehead last night was a pronounced success from every standpoint, George's hall being crowded and many unable to gain admittance. Professor Swan was master of ceremonies and did his duty in a very acceptable manner.

The McLane quartet received hearty applause for an opening selection of song, Mrs. McLane presiding at the piano.

Messrs. Quinn and Barlow made merry music on mandolin and guitar and were recalled.

The Harper quartet, Misses Georgie McLane and Allie Laughlin, and Messrs. Harper and Swan, rendered "Come where my love lies dreaming" in an exceptionally pleasing manner and were the recipients of long-continued hand-clapping.

Reverend Lee made a neat little address, preparatory to raising a collection, stating the object of the meeting, after which the hats were passed through the assembly.

Quinn & Barlow favored the audience with another selection in mandolin and guitar, after which Professor Swan read "The Soliloquy of a Silver Dollar," an essay applicable to the occasion, teeming with telling hits upon residents of our city and customs prevailing therein; also giving a history of the "Dollar's" travels, as it passed from hand to hand in commerce. This production was enthusiastically applauded. It was a gem.

Miss Josie McLane followed with a neat piece of Delsarte work, to the piano accompaniment of Miss Grace Reed.

Mrs. Rev. Sloane delighted the audience with a charmingly rendered solo, accompanied on the piano by Mrs. Watkins.

Rev. John Lloyd Lee then made the presentation speech of the evening, presenting Mr. and Mrs. Whitehead a snug purse of money, in the name of various organizations and friends of East Liverpool. The reverend gentleman's speech was in his very happiest vein, witty and pathetic as the emergency demanded, and he was rapturously applauded at its close.

Reverend Whitehead made response, and his talk was well worth listening to, as he emphasized the fact that the true minister of the gospel is he who dares to speak the truth, as God gives him to see the truth, boldly and fearlessly, no matter what betides, stating that he, as a Christian minister, had attempted to follow in this channel, and God's blessing had been his reward. In earnest, eloquent tones, he spoke of the Master's love for humanity, and then, in closing, thanked one and all who had so honored his beloved wife and himself. Mrs. Whitehead was then called before the audience, and returned her sincere thanks for loving remembrance, but asked to be excused from making a speech, as her heart was too full and she could not control her emotions.

Rev. J. C. Taggart then made a few remarks and afterward offered up a fervent prayer, asking God's choicest blessings upon Reverend Whitehead and his beloved partner, closing with the benediction. It was near midnight before the handshaking and good wishes were ended.

Those who had the reception in charge desire to return thanks to Mr. Frank George for granting the use of the hall, free of charge.

Mrs. Whitehead and children, accompanied by Miss Emma Applegate, left for Maryland this morning.

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes, August 10, 1891: "Foley's Kidney cure is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health, and Foley's Kidney cure has made it such. I had suffered 27 years with the disease, and today I feel 10 years younger than I did one year ago. I can obtain some wonderful certificates of its medical qualities."

THE COMMITTEE MET

In the New Library Rooms
Last Night.

WILL HAVE A COMPLETE REPORT

To Present to the General Meeting on Tuesday Night—Representative Business Men Will Constitute One-Half of the Board of Directors—The Fund.

The members of the library committee are still hustling and leaving no stone unturned to make as nice a showing as possible ere the general meeting on Tuesday next.

The committee met in the library rooms last night, a good attendance of the members being present, and transacted a large amount of business. The sub-committees having the different departments of the work in hand reported what progress they had made since the previous session, which were all of an encouraging nature. The nominating committee had visited a number of business men and manufacturers and solicited them to allow their names to be proposed to the general meeting as directors, which was heartily consented to in each instance, and the committee is assured that one-half of the board of directors of the library will be made up of representative business men, while the other half will come from the ranks of the workmen of the city.

A committee was appointed to make all arrangements for the general meeting next week, and in order that a complete statement of the business transacted may be laid before that meeting, all committees were ordered to finish up their work and make a report to the secretary by Monday evening at the latest. The committee adjourned to meet next Saturday evening at the same place at 8 o'clock.
